

Parents,

Our reading book 'Journeys' is available online. You and your child can access each week's reading story to read at home. Each student has been assigned a user name and password. Below you will find instructions, if you have problems, let me know. I logged on as a couple of the students and everything worked-but you never know. I did discover that the web address needs to be exact or you are sent to a different site.

1. Log onto www.thinkcentral.com, then on the left side of the page click on Reading and Language Arts and then click on Journeys.

2. When the page opens, there are 3 drop boxes, the first one is Missouri, the second is school district, scroll down to Prairie Home School R-5 School District, the third one is school, click on Prairie Home School R-5. Then type in user name and password, this will be your child's first name initial and last name in all small type with no spaces. The password is panthers. There are no upper cases or spaces.
3. When the next page opens click on 'My Library' this should take you to a page with several of our reading resources, anything displayed you are welcome to open and read.

Happy Reading!
Joanna Andrew
